## POLICE

My car engine caught fire. As I bailed out of the car, I looked back and saw a Kansas City Police Officer running up with a fire extinguisher.

A landlord abused a tenant by removing his front door under the guise of "maintenance." Police officers mediated the dispute by offering to arrest the landlord if he did not replace the door.

A drunk driver collided with my car. An Independence officer responded and took the extra step of ensuring that the drunk's insurance was still valid.

My young son and his friends celebrated a weekend by getting lost. A Gladstone policeman collected the lost sheep and saw them home.

One of my African American clients was accused of trespass by private security guards. He protested that he was at a bus stop. They applied nightstick justice until police rescued him and took him to the hospital.

When a local hotel collapsed, police officers grabbed first aid kits and ran in.

My secretary found a foreign-speaking woman wandering in cold weather. She brought her back to the office and called a client who spoke that language. The client confirmed the language and that she was making no sense in it. The police placed the woman in the care of a hospital. The officer suspected that the woman was in the system. He spent the evening, between issuing traffic tickets and answering calls, reviewing records of similar cases; until he found her family.

These are examples of law enforcement officers performing duties outside their core law enforcement training and doing it well. This tradition dates back to colonial watchmen and local militia.

Then there was Crazy Horse who was a member of a warrior society charged with local security, settling small disputes and finding lost children. Police work. The profession that requires infinite patience, an understanding of human nature, and contentment with the knowledge that no matter how much good one does each day, tomorrow some fool will require it all over again.

Police are sent out to enforce a myriad of laws with the slender support of a radio. They cannot possibly know the details of all the laws they must enforce.

Frustration leads some to go too far, stretching the truth, excessive force or throwing their authority around. Some go bad. Every barrel has its bad apples. This is America, and we judge each apple on its own merits. When police are accused of going too far, they are entitled to the presumption of innocence.

Each day you will encounter a police officer. The officer is tired and frustrated. The officer is concerned about being ambushed by thugs who believe themselves justified and think they will get away with it. WMSA suggests you give the officer a smile and a waive. It won't solve the problem, but every little bit helps.

I thank you for the honor of being your president.

## MSSA MISSION STATEMENT

The Mission of the MSSA is to protect and preserve the shooting sports at the state level. MSSA will promote and improve the shooting sports by sponsoring marksmanship training and competitions throughout the state of Missouri. MSSA will work for the rights of the gun owner, shooter, collector, hunter, archer, black powder enthusiast, and trapper. MSSA will support the free exchange of ideas, information and education related to gun ownership, shooting, hunting, firearms and related topics.

# Terry Brookman

Terry Brookman sadly passed away January 19, 2022. Terry first came to the attention of many in the Missouri gun community in 2002.

That was the year Terry became involved in the Gateway Civil Liberties Alliance (GCLA), an involvement that continued until his death in 2022, always as a member and then as secretary and as a board member. He was active in the push for concealed carry in Missouri.

A longtime supporting member of the NRA, he enthusiastically supported that organization by regular attendance at national conventions, always going there early to help set up the NRA Store so it was ready on day one, and then helping with its operation during the convention.

Also active in the Missouri Sport Shooting Association (MSSA), Terry supported its state-

wide programs, particularly those focused on youth involvement, being asked to serve and giving longtime service on the Board. He was a regular attendee of the annual Missouri Gun Rights Rally in the capitol in Jefferson City.

Although actively supporting national and statewide shooting sports, he recognized that all such activities are successful only if they ultimately result in functioning, active, local successful programs. He became a member of the Arnold Rifle and Pistol Club, which has excellent recreational facilities in Barnhart, Missouri. The Arnold Junior Shooter Pistol Team was started to give youth a formal structured program for education, training, and competition. The first pistol contributed to the team came from Terry, a Browning Hi-Power, 9mm pistol.

The Pistol Team was affiliated with the Scholastic Action Shooting

Sports system. Terry served the Pistol Team in various positions – range officer, instructor, coach, corporate officer, and board member. He was generous with his time, always willing to help where needed – such as setting up the heavy steel targets used in practice and matches, transporting and setting up the targets at the competition sites, and wiring the electrical system in the new team building. The team won numerous awards at state, regional and national competitions. His contributions of time, monthly money, and equipment (such as guns, reloading equipment, bullets, and ammunition) helped create a solid foundation for such successes.

As Steve Marx, current president of GCLA, said, “Terry will be missed by those who knew him personally or through the help he provided to individuals and organizations.”

# LOCAL SHOOTER SHINES AT NRA NATIONAL MATCHES

CAMP ATTERBURY, INDIANA  
AUGUST 22-28, 2021

By Greg Meredith

The state of Missouri is known for many things, a short list of which includes the St. Louis Arch, Pony Express, Mark Twain, Harry S Truman, Branson/Silver Dollar City, Kansas City Stock Yards, the Missouri River. Yet with all these famous individuals and landmarks, a little unknown fact is that Missouri is rich with a history of accomplished marksmen. Dating back to the 18th century, you had the likes of Daniel Boone making his way into Missouri with his famous "Flee Flicker" Long Rifle to hunt and fish.

In the 19th Century, you had less honorable, yet celebrated individuals for their outlaw behaviors. They included Frank & Jesse James, the Younger brothers, William "Bloody Bill" Anderson, Calamity Jane. More outlaw than marksmen, these individuals nonetheless had to be good with a pistol or rifle to survive so many incursions. There was also a Confederate battalion called the 9th Missouri Sharpshooters known for their expertise with the rifle. Armed with the famous Whitworth rifle, the battalion distinguished itself during multiple conflicts in Missouri, Arkansas, and Louisiana.

Moving forward to the 20th century, interest in shooting as a sport was spurned on with the help of the NRA. Ray Chapman was one along with a small group who were world-renowned in Combat Pistol. He started his own shooting academy just north of Columbia. With John Bianchi, they started the Bianchi Cup in 1979, which is the largest purse event of its kind. During the 1970-1990s, the Missouri National Guard, headed by Colonel Dale Strannigan, fielded a rifle team that won numerous accolades

throughout the Military Community.

As we come into the current time, there have been a couple of outstanding riflemen from Missouri who have won national accolades in NRA High Power Rifle. One of those is a retired Law Enforcement officer from Central Missouri named Scott Young. Since 2007, he has been on a tear. In 2009, he received his Distinguished Rifleman badge, followed up with his first National Title in the Law Enforcement Division. Since that time, Young has earned 4 additional National Titles for Law Enforcement. In 2021, he earned his fifth. And to top off his efforts, he also earned a National Record for highest score by a law enforcement officer since the matches started in the late 1800s.

No longer located at Camp Perry, OH, the NRA National Championships are currently held at Camp Atterbury near Edinburg, IN. The NRA National Matches are held over a course of 4 days of shooting with a total of 240 rounds expended. Total possible is a score of 2400 with 240 X's. This includes shooting from different positions and at different yardages out to 600 yards.

Even though the field is smaller than its heyday in the 60's, all participants were High Master level shooters. Young endured heavy rainstorms and high winds to shoot a miraculous score of 2364-94X. This included winning one of the individual Cup matches. The overall match winner shot a 2386-133X. Young was not far off the top spot for all shooters.

With this win, Young now has more National Titles than State Titles, which stands at 4. I guess that means he can rise to the occasion on the highest stage in the country when called upon, a great attribute for a shooter. Had he lived during the Civil War, he would have certainly qualified to be one of Missouri's "Sharpshooters."

# JOPLIN RIFLE & PISTOL CLUB's Benefit Toy Box Match

by Les Welch

The Joplin Rifle & Pistol Club held their annual Toy Box benefit match on Dec. 4, 2021. This was the 19th year that the club has held this match to assist the Salvation Army in providing toys to underprivileged area children for Christmas.

The match is a CMP sanctioned Garand/Springfield/Vintage Course A fired at 200 yards. The entry fee is a new toy in wrap with a value of at least \$25. We also have members that aren't competing come by and donate toys. We always have hot coffee and donuts for them and the competitors.

The Duquesne Police Department has transported the toys from the range to the Salvation Army every year. There are a lot of people to make this match a success, and each and every one of them are appreciated.

The Osage Orange Sharpshooters Club donated over \$400 as a club and then their members that competed also donated toys for their entry fee. Their club always has a strong presence at this match and is one of the reasons for

our success with this match year after year.

Between the Joplin club and the OOS club donations and the entry fees and other donations, we raised right around a thousand dollars worth of toys for area children to have a little better Christmas than they might have had otherwise.

The competitors in the Match and Category and Scores:

1st	<b>Bill Corcoran</b>	Unlimited Garand	278-7X
1st	<b>Clint Irwin</b>	As-Issued Garand	265-1X
2nd	<b>Mike Royale</b>	As-Issued Garand	249-2X
3rd	<b>Gene Spears</b>	As-Issued Garand	226
1st	<b>Mike Thorn</b>	Springfield 03A3	252-3X
1st	<b>Kevin Loudermilk</b>	Vintage 38 Swede	255-5X
2nd	<b>Terry Nakano</b>	Vintage 98 Krag	239-3X

Our numbers were down about half from previous years as I suspect was the case in most matches. Hopefully, this year's match will be back to normal attendance-wise, and we are looking forward to the 20th year for this match.

# RECALLS

## FN M249S® SAFETY RECALL

### FN ISSUES MANDATORY SAFETY RECALL OF ALL FN M249S® RIFLES

FN America, LLC announces the mandatory recall of all FN M249S® semi-automatic, belt-fed rifles sold before January 1, 2022. An identified issue from a component in the FN M249S fire control group may adversely affect the rifle's standard operation, and under certain circumstances, a reset failure within the hammer group may cause an unsafe firing event. To correct this condition and restore consistent and safe operation of the firearm's fire control group, it is necessary for FN to replace specific components in all FN M249S rifles.

FN is instructing customers to discontinue use of these rifles immediately and return affected products to FN directly for installation of new components, at no expense to its owner.

**All FN M249S serial numbers sold before January 1, 2022, are affected by this recall.** Therefore, FN M249S owners are asked to please visit the FN M249S Safety Recall webpage and input their serial number for detailed instructions on returning the FN M249S for service:

[FNAmerica.com/?page\\_id=8145&preview=true](http://FNAmerica.com/?page_id=8145&preview=true)

Note: Please do not ship any affected product to FN until a shipping label has been generated by FN and sent to you. In the interim, FN asks that customers not operate their FN M249S until FN has made the necessary repairs to your rifle.

FN is deeply committed to providing customers with the safest, most reliable firearms possible. As such, it is imperative that all recalled product is received back as soon as possible. Patience and cooperation are appreciated as we receive, inspect and service these firearms for a direct return to you. We will make every effort to return the rifles within 30 days of receipt at FN.

## BATFE Regulation Change – Final – Effective 2/3/2022 Title: Secure Gun Storage and Definition of “Antique Firearm”

**Purpose:** This rule amends ATF's regulations to account for the existing statutory requirement that applicants for Federal firearms dealer licenses certify that secure gun storage or safety devices will be available at any place where firearms are sold under the license to nonlicensed individuals. This certification is already included in the Application for Federal Firearms License, ATF Form 77CR (“Form 77CR”). The regulation also requires applicants for manufacturer or importer licenses to complete the certification if the licensee will have premises where firearms are sold to no licensees. Moreover, the regulation requires that the secure gun storage or safety devices be compatible with the firearms offered for sale by the licensee. Finally, it conforms the regulatory definitions of certain terms to the statutory language, including the definition of “antique firearm,” which is amended to include certain modern muzzle loading firearms.

# Legislative News

by Mona Oliver

The next three pages contain a *Status of MO Gun Bills* report. This report lists all of the firearms and self-defense bills discovered filed so far during this session. Of course, bills of all kinds are still being filed every day the legislature goes to work. The Senate stops filing new bills on March 1; however, the House of Representatives has no deadline. It's not even midway through this session yet – which ends in May of this year on a Friday the 13th – so the number of gun bills will continue to grow. Each report is a “snapshot” of the bills' status on the date/time given at the top of the report. A set of reports represent a “play by play” of bill progress, in the race to get the bills passed before the session ends. These reports make it easier to track bills and know when to act, to testify in hearings or call your rep.

Each Status item contains the bill number (linked to the bill's page at mo.gov), the bill's rating (**ratings are subject to change!**), a “flag” icon to the right of the bill number if applicable (“**RF**” for “red flag” gun-confiscation bills or “**F**” for domestic-violence type of gun-prohibition bills), the bill's LR number (located far right of the bill number, it's linked to the full-text of the bill, if available), a progress bar for each bill showing how far it's progressed in the legislative process, the bill's full title (if no longer just the original bill number), the sponsor's name (linked to the legislator's member page), the short description of the bill, the last action reported on a bill, and a highlighted note if a hearing is scheduled.

Each status report is manually composed by me and uploaded where linked below, they are not auto-generated.

THE 2022 ANNUAL GUN RIGHTS RALLY IS PROUDLY SPONSORED BY THESE AND OTHER PRO-FREEDOM GROUPS

# Liberty Notes

BY KEVIN L. JAMISON

*February 2021*

It is a Good Day for Liberty.

I have planned and canceled a series of Mask Massacres in which we could shoot the annoying things to ribbons. They continue to be required. An end to them cannot be predicted but is enthusiastically anticipated. I hear learned pessimists state that covid will always be with us. I have set no date for the mask massacre, but I live in hope.

It is repeatedly claimed that the Second Amendment Protection Act allows criminals to sue the police. This has upset a number of police officers. For a criminal to be able to sue under the Act, he must first be a "law abiding citizen." This would tend to end the matter. He must further be disarmed by a Missouri officer enforcing a federal law which does not have a Missouri equivalent. He must then prove that he was damaged and by how much. There are a limited number of federal laws which do not have a state equivalent. In theory, the feds may prosecute everyone who has a Missouri medical marijuana card for possession of firearms. State officers cannot arrest because this is legal in Missouri. An officer assisting in such an arrest could be sued. If the marijuana card holder does not have guns when arrested, he can be arrested for conspiracy; which does have a state equivalent. A plaintiff must prove his damages. To survive a motion to dismiss, damages must be proved. A jury may determine that the damages are \$1. Police departments are terrified of this remote possibility.

Police are interesting. Every day they pin a shiny badge over their hearts; a convenient aiming point, and go

among people who will kill them for amusement and reputation. They run toward screaming and gunshots; wearing that shiny aiming point. Tell them they might, remotely, possibly be sued and they are terrified. Interesting.

The new TV series "1883" has sparked a new surge of interest in Cowboy shooting. This is great. Some of these new cowboys may learn to appreciate other types of shooting as well. The series is unrealistic in one aspect; everyone has a Colt Peacemaker and a Winchester. There are a few shotguns. In 1883, some were still carrying percussion cap guns. Many carried single-shot breach-loading rifles. The Army still carried single-shot breach-loaders. Other companies sold guns in the West; Remington and Smith & Wesson were well represented. Still, 1883 is a great story, and if it gets people interested in the sport, that is all to the good. Some of the women in it are accomplished shooters, and that encourages new women shooters. That just sounds like a good thing.

San Jose California has a new ordinance requiring all gun owners to have liability insurance and to pay an annual \$25 fee to compensate the city for the costs of gun violence. There is no insurance company which offers liability policies of this sort. The guy who collects old shotguns and the casual hunter have to pay for damages caused by criminals.

Kansas City Mayor Quinton Lucas has been named co-chair of "Mayors Against Illegal Guns." The organization has never seen a restriction it did not embrace. It is rarely the gun that is illegal, but it is illegal for certain categories of person to possess guns. The mayor has been a member since 2019.

"Remington" has settled a lawsuit with 9 plaintiffs from the Sandy Hook massacre for \$73 million. I put Remington in quotes because the

corporation is bankrupt and the settlement was made by the insurance company. The theory of the case is that the psychopath involved was influenced by Remington advertising to use their model of AR 15. In reality, the psychopath killed his mother and stole her rifle. It was a matter of opportunity, not advertising. This will encourage more abusive suits and further attempts to circumvent the federal Lawful Commerce in Arms act. The usual suspects celebrate this as a great victory; because it is.

I knew the Chiefs had lost when I did not hear gunfire. At every great event drunken fools fire guns. The bullets have to come down and people are hurt even killed. At the end of WW II, my Dad was on Okinawa. When the brass announced the end of the war, Dad said, "Every nut on the island started shooting." People were killed celebrating the end of the war. Dad found the deepest bunker he could and stayed there. These celebrations turn people against us. Our members are not the problem. Getting the safety message to the nuts requires public safety messages on the radio and TV.

The ATF has suggested the people celebrate Valentine's day by turning in spouses and significant others for gun violations. To be fair, unhappy girlfriends are the source of many tips to the police. Be nice to your significant other.

With all the musicians on the NRA Board, I do not understand why we do not have our own anthem. We could put our own words to an existing song. America has a long history of putting new words to old songs. The Star Spangled Banner was a poem put to the music of a drinking song. An old American tradition. The NRA had a program called "I am the NRA." It consisted of a series of posters of people of various sorts saying "I am the NRA." We are a variety of freedom-loving people. It seems that could be the basis of a song, but I'm a lawyer not a musician.

Bob Saget, comedian and actor, has died. His death drew a great deal of media attention, which I do not question. Sidney Poitier died at about the same time and received little media

attention. This is odd. Mr. Poitier was an award-winning African American actor when there were few such leading men. I would accuse the media of racism, but that is not my default reaction. I read that when filming "In the Heat of the Night" in Mississippi, his hotel was besieged by a racist crowd of drunks. The producer rounded up crew members to serve as security. I wonder if any crew member pulled out their employment contracts to see if they required emergency, unarmed, security services. The producer called Mr. Poitier to warn him about the development. Mr. Poitier told him, "I have a gun under my pillow and I will blow the head off of anyone coming through that door." This is an understandable reaction, although it might slow down room service. Many civil rights activists carried guns in those days for obvious reasons. This fact seems to be ignored in accounts of that era. Things got better for civil rights when people fought back.

A Black Lives Matter and anti-gun-rights activist attempted to kill a liberal democratic candidate for mayor of Louisville, Kentucky. He used a Glock pistol. The shooter missed. He is alleged to be a believer in "scientific socialism," and perhaps other fairy tales. He has been arrested and the event will disappear, except as a reason to ban guns.

Beto O'Rourke is famous for saying that he would take our AR 15's during his campaign for president. Now he is running for governor of Texas and claims that he will not do so. He expects us to believe him. He thinks we are that stupid. The anti-gun-rights crowd tends to believe that we are stupid.

The Red Cross reports a severe blood shortage. There is always a blood shortage in the winter and the pandemic and economic problems have made it worse. Give a little blood, and wear your Second Amendment shirt or button when you do.

In the words of two great time travelers, "Be excellent to each other!"

We shall overcome.

## MSSA MINUTES\*

*\*Tentative, Subject to Board Approval*

### MSSA BOARD MEETING – October 16, 2021

*Minutes by Lee Koester, MSSA Secretary/Treasurer*

Meeting called to order at 2 pm.

Members in attendance: Kevin Jamison, President; Kevin Moore, Vice President; Lee Koester, Secretary/Treasurer; Greg Meredith, Executive Director; Donald Merritt; William Alvord; Colin Nichols; Scott Young; Mona Oliver; Vince Windeler; Chris Shoffner; and David Jones.

Membership report by Lee Koester:

We currently have 349 members: 163 Annual, 3 Junior, 161 Life, and 22 Associate..

Financial report by Lee Koester:

Checking just over \$17,000. Investment with Edward Jones just over \$32,000.

Newsletter mailing report by Lee Koester:

Via email, 220; snail mail, 147. The numbers do not match membership due to double emails to multi-family memberships.

### AGENDA ITEMS

#### New Business

##### Item 1

Lee Koester advised that we depleted our stock of decals about 2 years ago and had substituted patches for new members because we had such a large stock. Patch stock is now manageable, and he has received a request for decals.

Lee reported that the most reasonable source he found was from Sticker Mule:

Vinyl decal 3"x3" quantity 500 - \$231

Vinyl decal 4"x4" quantity 500 - \$330

Lee advised he would opt for 3" as they would fit envelopes better. He believes that is the size of the original decals and that 4" may be a little big for many applications.

*Logo to be submitted at right:*

Motion to approve 3" decals was made by Donald Merritt and was seconded by William Alvord. Kevin Jamison called for discussion and vote. The vote was unanimous for approval. Lee will start the order.

##### Item 2

Lee Koester reports that, due to home issues, he would like someone to take over meeting minutes duty. He advises that it's not hard, that someone just needs to be there and record meeting reports and agenda items, and write minutes report for newsletter and submit to Newsletter Editor.

Pictures of annual meeting and awards would be nice.

**Please contact Lee if you are interested, and come to the annual meeting prepared to start.**

Slated for reelection to board seats at Annual Meeting: John Leinberger, A. Scott Young, Jeffrey Lindblom, Lee Koester, Kevin Moore and Vince Winkeler.

No further business was brought forward for discussion.

Meeting adjourned at 8am, Saturday, January 22, 2022.

## WHO TO CONTACT

**By Lee Koester – MSSA Secretary/Treasurer**

In the recent past, we had a lapse in communication. Members tried to contact MSSA and did not receive a reply. For this I apologize, and we are trying to correct that discrepancy and others we are finding. Not to make excuses, but our website is older and software has outgrown us, making use more taxing.

I have created a pair of email addresses that should help with communication about any member-based information. We are correcting the website for new members, but existing members need a more rapid response mechanism.

FOR any member information, such as CHANGES with name, address, phone or email;

IF you have a question about your member expiration date or have not received new membership card;

IF you found I have made a mistake with the new card expiration date (I do make mistakes sometimes and blame my big fingers!!);

IF you want to report the passing of a member;

PLEASE contact me at:

[missourisportshooting@outlook.com](mailto:missourisportshooting@outlook.com)

This address goes directly to the club computer, and I check no less than once a week. Please be patient, I will get back to you.

IF YOU DO NOT HAVE EMAIL, please use the membership application and state what needs to be updated. You might even want to renew your membership at that time.

### FREE MEMBERSHIP

To Missouri's Active Duty Military

MSSA will send a free one-year membership, including our quarterly newsletter, “THE MISSOURI SHOOTER,” to any active-duty service member from Missouri. Here’s how the free one-year membership works:

- ✓ Be full-time active military duty.
- ✓ Be a current or former Missouri resident, and register Missouri as your state of residence.
- ✓ Be recommended by a current MSSA member, or request your own free 1-year membership.

If you qualify, or know someone who qualifies, just fill out an MSSA membership application, obtainable from either the MSSA website [www.MissouriSportShooting.org](http://www.MissouriSportShooting.org) or from the back of this publication. Instead of a membership dues check, send a signed note and pledge that you (or they) are active duty military and a current or former Missouri resident and register Missouri as your/their state of residence.
